INVESTMENT CRITERIA

We invest in small and middle market niche and unique manufacturing, distribution, and service companies with EBITDA between \$5 million and \$30 million.

WHO WE ARE

Our principals have completed over 55 acquisitions with a combined total enterprise value of over \$1.7 billion.

PORTFOLIO

We work collaboratively with entrepreneurs and management teams who are focused on strengthening their companies and building equity value.

About Corinthian Capital

Corinthian Capital was founded in 2005 to invest in small and middle market companies located primarily in North America. Our principals, Steven J. Kumble, C. Kenneth Clay, James A. McNair, and Peter Van Raalte, have over 80 years of combined private equity investment experience. We have completed over 55 acquisitions with a combined total value of over \$1.7 billion. During our nearly 20 years together, we have exclusively focused on making equity investments in small and middle market niche and unique manufacturing, distribution, and service companies.

At Corinthian Capital, we focus on acquiring businesses with sales between \$50 million and \$250 million. We take the time to evaluate the unique intrinsic value of each company and to identify a firm's individual strengths. The companies in which we invest typically have defensible positions, competitive advantages, low technological risks, reasonable capital expenditure and working capital requirements, and a proven and experienced management team. We tailor each company's investment structure with careful regard to the firm's growth needs and market position.

We believe that the best opportunities for building equity value continue to occur in the North American small and mid-sized company market. There is continued growth of new firms in this segment due to dynamic business formation and the natural growth of successful enterprises. Investment opportunities in our target market are driven by generational turnover, an entrepreneur's desire for personal liquidity, and corporate restructuring. We specialize in working personally with entrepreneurs, selling shareholders, and management teams to transition a business to a private equity environment and to accelerate its growth.

Corinthian Capital's headquarters are located in New York, New York; its Midwest regional office is located in Chicago, Illinois.

Investment Criteria

Corinthian Capital targets unique niche companies that have a demonstrated history of profitability and the ability to generate above average margins and strong cash flows. We take a highly disciplined approach to investment selection and generally pursue opportunities that meet or exceed the following specific criteria:

- Niche market leaders in the manufacturing, distribution, service and consumer products segments
- Located primarily in North America
- Defensible market positions and competitive advantages
- Low technological risk
- Reasonable capital expenditure and working capital requirements
- Proven, high quality operating management teams in-place or “on-deck”
- Good operating leverage, where modest sales growth leads to accelerated earnings
- Financial parameters for stand-alone investments:
 - Sales: \$50 million to \$250 million
 - EBITDA: \$5 million to \$30 million
- Financial parameters for add-on acquisitions:
 - Sales: \$10 million to \$250 million
 - EBITDA: \$1 million to \$30 million
- We also review companies operating in out-of-favor or difficult to understand industries

Philosophy

At Corinthian Capital, we recognize that entrepreneurs and management teams have spent years building their businesses, and they take great pride in their significant accomplishments. Selecting the right partner for the next phase of a company's growth is an important decision that depends on much more than just capital. Entrepreneurs and management teams want an equity partner who shares their unique vision for the future. Given our collaborative approach and basic personal values, we are an excellent choice for an entrepreneur or a management team seeking to take their company to its next level of success. We hold ourselves to the same high standard of results driven teamwork as our portfolio companies.

We strongly encourage a proactive spirit. Success thrives within a working environment built on honesty, fairness, analytical rigor, inclusiveness, and consensus. Having worked together for over 20 years, we understand that these personal relationship factors are extremely important to future economic success.

At Corinthian Capital, we spend the time necessary to understand the unique value of a niche business and the strengths of the entrepreneurs and management teams that have built their successful companies. Once we make the decision to pursue an investment opportunity, we work diligently to expedite the closing. We understand that the transaction process is distracting to the company, and we work to minimize interruptions. We want the entrepreneurs and management teams to remain focused on growing their businesses. After the closing, we work in collaboration with the entrepreneurs and management teams to implement our agreed upon strategic initiatives and future growth plans.

Our Role

The Corinthian Capital principals have a long history of growing companies and creating value. Our intent is not to be involved in day-to-day operations, but rather to augment the capabilities of the management team with our deep experience and contacts. We take an active role on each company's board of directors and act as a trusted advisor to the firm. We provide strategic and financial direction, and regularly interact with the company's senior executives. Our portfolio management is strengthened through a broad network of service providers, outside operating professionals and consultants, with whom we have worked over many years, and who provide sector specific expertise as needed.

Corinthian Capital leverages the experience of its principals and operating partners to optimize a company's performance through mutually developed financial, strategic and operational growth initiatives. These initiatives may include investing in add-on acquisitions, pursuing new markets, and providing for growth capital expenditures and working capital investments. By drawing upon a unique blend of operational, legal, financial, strategic and investment expertise, Corinthian Capital functions as an important supplement to the management team.

Portfolio

Wolf Gordon

Beta International

Beta International, Inc., headquartered in Houston, TX, is a worldwide supplier of flow control products to the energy, transmission, and infrastructure industries. The company specializes in sourcing hard-to-find components for its customers, offering its own Universal Flow branded valve products as well as other name-brand products.

Established in 1976, Beta is recognized in its industry for its exceptional project management capabilities. The company provides a key service to its customers by sourcing critical, difficult-to-find products on a timely basis, a service that many larger distributors struggle to provide. Beta's extensive technical and supply chain resources enable it to interact directly with manufacturers and sub-manufacturers to shorten timelines and increase value.

The company's services range from sourcing individual components to providing value-added procurement-related services, including international logistics and warehousing, documentation support and specialty packaging. The company's customer base includes major and independent oil and gas companies, leading engineering and construction firms and other distributors. Beta maintains international offices in Indonesia, the Netherlands, Mexico and Singapore.

For more information about Beta visit www.betaintl.com.

Control Solutions

Control Solutions LLC, headquartered in Aurora, IL, is a provider of innovative, microprocessor-based motion control products for a variety of applications in the commercial, medical and military markets. The company pioneered the development of several features relating to the commercial use of application-specific integrated circuits (ASIC) in motor control devices which it has successfully extended into the medical and military markets. The company designs, assembles and markets a diversified line of standard and semi-custom products for motion control applications, including motor controllers, user interfaces, battery chargers, cables and a specialized line of durable medical equipment. These products are utilized to deliver engineered electromechanical systems and solutions to its customers in its various served markets.

Control Solution's core ASIC design is highly adaptable and enables the company to customize products for many other applications that require motion control. The company's motion control products perform a number of functions, including: automated means for starting and stopping motors, selecting forward or reverse rotation, regulating speed and torque, and protecting against overloads and faults. The ability to quickly develop customized solutions has enabled Control Solutions to attract and retain a variety of key customers. The company differentiates itself by offering complete motion control systems assembled from its various component products. The company's solutions include turret control systems and electrical door assist systems used in military vehicles to provide military personnel the ability to quickly and safely access and exit vehicles.

For more information about Control Solutions, visit www.controls.com.

Disc Makers

Audio and Video Labs, Inc. d/b/a Disc Makers, located in Pennsauken, New Jersey, is a leading specialty marketing firm focused on meeting the marketing and communications needs of its retail and corporate clients. Through its extensive catalogue and internet presence, the company offers CD and DVD replication products, custom printed merchandise, and other marketing and communication services to independent music and film artists, corporate, and institutional clients for their internal and external communications needs. The company also sells a complete line of consumables and duplication equipment for clients with recurring short-run duplication requirements. The company offers its customers short and medium-run CD and DVD replication services for professional products with studio quality audio and video. Disc Makers' high-quality services include CD mastering, DVD authoring, sound quality, art and design. Over 50,000 independent artists have chosen Disc Makers because only Disc Makers offers the breadth of products and level of customer service musicians require.

In addition to providing a physical product for its clients to market their intellectual property and solve their communications needs, Disc Makers offers a suite of digital services, including an online music site (www.digstation.com) where independent artists can sell their music and an on-line custom duplication service for short-run content and music duplication.

Operating from its fully-integrated production facility, the company monitors and controls every phase of production in-house and administers its internet and technology services on-site. This results in significant cost and time savings for the customer. More importantly, its one-stop shop approach ensures the highest quality product for its artist and institutional clientele.

For more information about Disc Makers, visit www.discmakers.com.

CD Baby

CD Baby is a division of Audio and Video Labs, Inc. d/b/a Disc Makers.

CD Baby, located in Portland, Oregon, is the leading brand in online independent music retail sales. CD Baby's e-commerce platform specializes in the sale and distribution of physical compact discs and digital media content from independent musicians directly to consumers. CD Baby allows artists to set their own price point for selling their physical CDs. Artists retain all rights to their works while CD Baby acts solely as a distributor and online retail music store. Orders are placed through CD Baby's website at www.cdbaby.com, which artists can link to through their own website or social networking pages, and units are shipped directly from the Portland warehouse. Additionally, through its Host Baby service at www.hostbaby.com, CD Baby offers web hosting services enabling artists and bands to easily build and maintain an Internet presence through a professional-looking website.

With over 240,000 titles, CD Baby is the largest seller of independent music in the country and its online music store receives over 100,000 visitors each day. CD Baby offers digital distribution services to its clients and is authorized by the artists to submit music for digital sale to the leading online retailers. With over 2 million digitized tracks under management, CD Baby is also the largest provider of independent music for iTunes and other digital download sellers like Amazon MP3, Napster, and Rhapsody. In addition, CD Baby sells digital downloads directly through its own website.

For more information about CD Baby, visit www.cdbaby.com.

Precision Motor Transport Group

Precision Motor Transport Group, LLC (PMTG), headquartered in Okemos, MI, is the leading enclosed automobile carrier in the Northeast, Mid-Atlantic and Central United States. The company is focused exclusively on transporting premier luxury brand vehicles through its owned fleet of custom enclosed truck-trailer combinations.

Since its establishment in 1992, the company has kept ahead of the competition by implementing the latest industry technology and gaining some of the most demanding customers in the market. The company excels in the delivery of new luxury automobiles from seaports and manufacturing plants to dealers, with industry leading damage-free ratios and delivery times.

PMTG currently delivers the vast majority of its customers' automobiles from import and production facilities to dealerships in its served territory. PMTG's unique business model has enabled it to position itself as the dominant provider of enclosed transportation services to the premier luxury automotive manufacturers.

For more information about Precision Motor Transport Group visit www.pmtghome.com.

Sabre Industries

Sabre Industries, Inc. is the parent company of Sabre Communications Corporation and CellXion, LLC which include the divisions Sabre Towers and Poles, Sabre Site Solutions, Sabre Tubular Structures, Sabre Defense and Homeland Security Systems, Sabre Galvanizing, CellXion and CellXion Wireless Services.

Sabre Industries, headquartered in Sioux City, Iowa, provides infrastructure products and services to the telecommunications and utility markets throughout the United States and internationally. The experienced management teams at each of the company's divisions design and manufacture towers, monopoles, enclosure products, tower accessories and utility structures. As the largest tower and shelter manufacturer in the United States, Sabre Industries is the only company in the tower industry with the ability to provide the infrastructure products and services necessary for the deployment of wireless networks. In addition, the company serves the utility industry via its new state-of-the-art facility in Alvarado, Texas which manufactures steel transmission and distribution poles, substation structures, and high mast lighting structures.

For more information about Sabre Industries, visit www.sabreindustriesinc.com.

Sabre Communications

Sabre Communications Corporation is a wholly owned subsidiary of Sabre Industries, Inc. and is operated jointly with CellXion, LLC.

Sabre, headquartered in Sioux City, Iowa, is the market leader in the design, engineering, and manufacturing of tower and other infrastructure products and services for the wireless telecommunications industry. The company is also a leading provider of electric utility transmission and distribution structures for energy companies. For more than 30 years, Sabre has designed and manufactured guyed towers, self-supporting towers, monopoles, and tower components. Sabre's services include tower analysis, tower inspection, turnkey installation and tower modifications. The company's tower division, Sabre Towers and Poles, designs and manufactures a complete line of tower structures. Sabre Site Solutions, Sabre's components division, supplies tower parts and accessories including pre-engineered lightweight towers. Sabre Tubular Structures, Sabre's tubular steel pole division, offers structures used in power delivery, telecommunications, sports and high mast lighting. Sabre Galvanizing, Sabre's galvanizing division, is the most efficient and environmentally-friendly general galvanizing facility in the United States. Sabre has industry leading design and engineering capabilities that enable it to meet the needs of its telecommunications and utility customers through the manufacture of site-specific towers and monopoles.

For more information about Sabre, visit www.sabreindustriesinc.com.

CellXion

CellXion, LLC is a wholly owned subsidiary of Sabre Industries, Inc. and is operated jointly with Sabre Communications Corporation.

CellXion is the premier manufacturer and leading provider of enclosure products to the wireless communications industry. The company's primary product line is a series of concrete and lightweight shelters used to house valuable electronic transmission equipment at the base of each cell site. These shelters not only provide protection against the elements and easy maintenance access, but also security for network providers' key infrastructure assets. CellXion offers complete equipment installation, integration and testing services for the shelters so that they are "plug and play" ready once the unit arrives at the cell site. This enables customers to ensure quality deployment and timely activation of their networks. CellXion has positioned itself as an industry leader in the wireless telecommunication shelters, towers and services business. Currently, CellXion is the largest U.S. provider of shelters to the wireless segment and has an extraordinarily experienced and seasoned management team with a proven track record of success.

For more information about CellXion, visit www.cellxion.com.

Wolf-Gordon

Wolf-Gordon Inc., headquartered in Long Island City, New York, is a leading designer, marketer, and distributor of wallcoverings and upholstery for commercial properties. The company's product portfolio includes wallcoverings made from natural fibers, textiles, vinyl, polyolefins, acoustical fabrics, architectural paint finishes, and environmentally-sustainable materials. Through its nationwide sales force and showrooms, Wolf-Gordon reaches customers in the corporate, hospitality, retail, and healthcare industries.

Wolf-Gordon's proprietary wallcovering designs are developed both internally, using the company's design department, and in partnership with leading industrial designers. In addition to the company's standard product offering, Wolf-Gordon also offers digitally-printed custom wallcovering capabilities to its customers. In 2008, Wolf-Gordon entered the commercial vinyl upholstery market, expanding the company's product offering to architects and interior designers.

The company maintains a warehouse and sample-order fulfillment operations at its Long Island City headquarters and operates showrooms in New York City, Los Angeles, and Chicago.

For more information about Wolf-Gordon visit www.wolf-gordon.com.

Steven J. Kumble, Chairman and CEO

Mr. Kumble is a founding member of Corinthian Capital and was a founding partner of Finley, Kumble, Wagner, Underberg, Manley & Casey where for nearly two decades he specialized in corporate law. In 1986, Mr. Kumble formed Lincolnshire Management, a middle-market private equity firm, with the late Frank C. Wright, Jr., who was the Head of the Special Buyout Finance Division of Manufacturers Hanover Trust Company, and with Peter Van Raalte. Mr. Kumble served as Lincolnshire Management's Chairman from inception until 2005. During his 20 years as Chairman, Lincolnshire completed buyout transactions involving enterprise values aggregating over \$1 billion, and it grew to a firm with approximately \$900 million of institutional and individual funds under management.

Mr. Kumble has served as a Director of a number of public and private corporations including the Goodrich Investors Group, GIT Realty and Mortgage Investors (REIT), Transcontinental Communications, Southeastern Public Service Co., Cobra Industries, National Airlines, and Lincolnshire Management.

Mr. Kumble served on active duty from 1955 to 1957 as a First Lieutenant in the United States Army, attached to the First Infantry Division and later to the 10th Mountain Division. Mr. Kumble was educated at Yale University (B.A. 1954), and he went on to earn his law degree at Harvard University Law School in 1959. Mr. Kumble also holds an Honorary LL.D. from Long Island University.

Direct: (212) 920-2300

C. Kenneth Clay, Senior Managing Director

Mr. Clay is a founding member of Corinthian Capital and serves as Chairman of Control Solutions LLC and Beta International, Inc. and on the Board of Directors of Sabre Industries, Inc. Prior to Corinthian Capital, Mr. Clay was a Managing Director of Lincolnshire Management, where he worked from 1995 to 2004. At Lincolnshire Management, Mr. Clay served as a Director of Peripheral Computer Support, Flexstar, Sub/Linc Holdings, Credentials Services International, and Lincolnshire Management.

From 1992 to 1995, Mr. Clay was the Chief Financial Officer of LINQ Industrial Fabrics, a multinational manufacturer and distributor of polypropylene industrial fabrics based in Summerville, South Carolina. LINQ was owned by Exxon Chemical Company prior to its being acquired by Lincolnshire Management in 1992. At LINQ, Mr. Clay also served on the Manufacturing Management Committee.

Prior to LINQ, Mr. Clay was an officer with The Bank of New York Commercial Corporation where he provided financing for a variety of management buyouts, leveraged recapitalizations and turnarounds. Mr. Clay completed credit training at the Irving Trust Company prior to its acquisition by The Bank of New York.

Mr. Clay is a graduate of Brigham Young University (B.S. 1987) and the University of Texas at Austin (M.B.A. 1988).

Direct: (212) 920-2304

James A. McNair, Senior Managing Director

Mr. McNair manages the firm's Chicago, Illinois office and currently serves as the Chairman of Precision Motor Transport Group, LLC and on the Board of Directors of Control Solutions LLC. From 2000 to 2005, Mr. McNair was a Managing Director of Lincolnshire Management, and he managed the firm's Chicago, Illinois office. At Lincolnshire Management, Mr. McNair was a Director of 3SI Security Systems, NexCycle, Strategic Materials, and Americas Management and Logistics International.

From 1997 to 2000, Mr. McNair was President of McNair, Reed & Company, a Chicago, Illinois based private equity firm focused on small companies. From 1988 to 1997, Mr. McNair was a Vice President, a Senior Vice President, the Head of Business Development, and a member of the Board of Directors at Jordan Industries, a small and middle market private equity conglomerate located in Chicago, Illinois and an affiliate of The Jordan Company.

Before Jordan Industries, Mr. McNair was a mergers and acquisitions investment banker at Drexel Burnham Lambert and at Manufacturers Hanover Trust Company's Merchant Banking Group. Both firms were based in New York, New York. Mr. McNair completed credit training at Manufacturers Hanover Trust Company.

Mr. McNair is a graduate of Yale University (B.A. 1979) and the Johnson Graduate School of Management at Cornell University (M.B.A. 1983).

Direct: (312) 899-9988

Peter Van Raalte, Senior Managing Director

Mr. Van Raalte is a founding member of Corinthian Capital and currently serves as the Chairman of both Sabre Industries, Inc. and Audio and Video Labs Holdings, Inc. Prior to Corinthian Capital, Mr. Van Raalte was a Managing Director and a Senior Managing Director of Lincolnshire Management, which he helped to found in 1986 with Mr. Kumble. At Lincolnshire Management, Mr. Van Raalte served as the Chairman of Jayhawk Growth Company and as a Director of 3SI Security Systems, Transcraft, Credentials Services International, and Lincolnshire Management.

Prior to 1986, Mr. Van Raalte was an officer in the Special Buyout Finance Division at Manufacturers Hanover Trust Company, where he reported to the late Mr. Wright. Mr. Van Raalte completed credit training at Manufacturers Hanover Trust Company.

Mr. Van Raalte is a graduate of the University of Vermont (B.A. 1980) and New York University (M.B.A. 1983).

Direct: (212) 920-2303

Rory J. Cutaia, Executive Director

Mr. Cutaia leads Corinthian Capital's alternative investment initiatives. Mr. Cutaia began his career as an attorney at Shea & Gould, a then prominent national law firm, as a member of that firm's international practice group, where he developed a broad range of experience in domestic and international telecommunications, cable, real estate, banking and financial and governmental institutions.

Just prior to joining Corinthian Capital, Mr. Cutaia was the Founder, Chairman, President and CEO of The Telx Group, Inc., the internationally recognized operator of telecom network interconnection and colocation facilities. During the course of six years, Mr. Cutaia led the business from a start-up to a highly successful and lucrative sale at a price well in excess of \$200 million.

Mr. Cutaia serves on the Board of Directors of Wolf-Gordon Holdings, Inc., among several other companies and organizations, is a Member of the Board of Trustees of the New York Institute of Technology, and is the Founder and Executive Director of the United States Chapter of Innocence in Danger, a non-profit, international organization dedicated to the protection and rehabilitation of children who have been victims of trafficking and abuse.

Mr. Cutaia is a graduate of the New York Institute of Technology (B.A. 1982) and the Fordham University School of Law (J.D. 1985).

Direct: 212-920-2315

Nora de la Serna, CFO and Controller

Prior to joining Corinthian Capital, Ms. de la Serna was an Accounting Manager with Lincolnshire Management for 15 years where she handled financial and tax reporting for the funds and interfaced with limited partners. Prior to Lincolnshire Management, Ms. de la Serna worked as an accountant at the law firm, Finley, Kumble, Wagner, Underberg, Manley & Casey.

Ms. de la Serna is a graduate of the University of the Philippines with a major in Economics (B.S.B.A. 1976).

Direct: (212) 920-2305

Tony Pucillo, Managing Director and Operating Partner

Mr. Pucillo is focused on supporting the Corinthian Capital portfolio companies with his extensive general management and operations expertise. Mr. Pucillo serves on the Board of Directors of Sabre Industries, Inc., Audio and Video Labs Holdings, Inc., Precision Motor Transport Group, LLC, Control Solutions LLC and Beta International, Inc. Prior to Corinthian Capital, Mr. Pucillo founded and was Managing Director of Linkage Advisors Inc., a board services and general management consulting firm.

Mr. Pucillo, began his career at AT&T and, post M.B.A., spent 17 years with GTE Corporation and Siemens Corporation which purchased GTE Products Corporation in 1993. Mr. Pucillo's last two roles were President, E-Business for the Americas Region of Siemens based in Atlanta, GA from 2000 to 2002 and Board Member and President at Osram Sylvania Ltd. based in Ontario, Canada from 1995 to 2000. In addition, Mr. Pucillo served as President of Tactician, a privately held software company based in Andover, MA from 1994 to 1995 and as an Executive Vice President of Clean Harbors, a public environmental services firm based in Norwell, MA from 2003-2007.

In addition, Mr. Pucillo serves on the advisory boards of several private companies.

Mr. Pucillo is a graduate of Harvard University (A.B. 1979) and Columbia University (M.B.A. 1983).

Direct: (617) 590-9090

Gerson R. Guzman, Director

Mr. Guzman serves on the Board of Directors of Sabre Industries, Inc., Audio and Video Labs Holdings, Inc., Precision Motor Transport Group, LLC, and Control Solutions LLC. In 2004, Mr. Guzman was an Associate at Clearview Capital, a middle-market private equity fund. From 2000 to 2003, Mr. Guzman was a Consultant for Mercer Management Consulting (now Oliver Wyman) providing strategic advice to domestic and international clients in the telecommunications, media and entertainment, financial services, energy and transportation industries. From 1999 to 2000, Mr. Guzman was a Manager with SBC Communications where he led a group of technicians responsible for testing and troubleshooting telephone and data networks and was responsible for managing relationships with competitive licensed exchange carriers.

Mr. Guzman was a Chancellor's Scholar at the University of California at Berkeley (B.S. 1998), and is a graduate of the Lauder Institute of the University of Pennsylvania (M.A. 2005), and the Wharton School (M.B.A. 2005).

Direct: (212) 920-2307

Hope E. Vaughn, Director

Prior to joining Corinthian Capital, Ms. Vaughn was a Vice President at Glenwood Capital, a turnaround and restructuring advisory firm assisting lower middle market businesses. Previously, she was a Vice President at Rodman Renshaw, a full service investment bank, where she worked on middle-market sell-side transactions, debt and equity financings. Prior to that, Ms. Vaughn co-founded Morning Street Capital a private equity firm focused on acquiring portfolios of growth equity, lower middle-market and mezzanine investments. Currently, Ms. Vaughn serves on the Board of Directors of the Women's Association of Venture and Equity (WAVE).

Ms. Vaughn is a graduate of Berry College (B.S.), Columbia Business School (M.B.A.) and St. John's University Law School (J.D.), where she was an Editor for the New York International Law Review.

Direct: (212) 920-2328
